

COVID 19 UPDATES FOR THE COMMUNITY OF FOREST LAKE

6/10/20:

The following updates are in effect as of June 10, 2020:

- Luttrell, Erker, Stienken and Central Parks are open - Please continue to follow social distancing guidelines. Playground equipment will remain closed. Playground equipment has hard surfaces with a high rate of contact by people that use it and may have an increased risk of transmitting the virus.
- The Community Center Park will remain closed.
- Due to clarification by the Illinois Department of Public Health, beaches are to remain closed during Phase 3 of the Restore Illinois plan. The beaches at South, Central and Erker parks are closed. Boat launching is permitted for FLCA members with kayaks, canoes, paddleboats and paddleboards.

We also ask that drivers obey the rules of the road and reduce speed when necessary. There are many children, adults and pets out walking, running and riding bikes on our streets. It's wonderful to see so many community members out and about, but there are some dangerous drivers on our roads. Please be cautious and slow down.

Thank you for your patience,

Greg Dwiell - FLCA Chairman
